<ul style="list-style-type: none"> Interest begins to accrue on the business day we receive credit for the deposit of non-cash items/collected balances. Interest is calculated using the daily balance method. This method applies a daily periodic rate to the principal balance in the account each day. Interest is compounded and credited monthly. Where noted, the applicable minimum balance must be maintained each day to obtain the disclosed Annual Percentage Yield (APY). Interest rates and Annual Percentage Yields may change. Interest rates may change daily at our discretion. Current interest rates and APYs are shown on the rate sheet. Fees may reduce earnings. Interest accrued will be paid, without penalty, at account closing (excluding Business Flex Savings).

The words “we” and “us” refer to First National Bank of Omaha, FNBO and FNBO Direct. For specific information, please (1) contact your local banker, (2) call our Customer Care Center, or (3) visit us online.

- FOR APPLICABLE ACCOUNTS ON ANALYSIS: In addition to the fees set forth herein, additional or different fees may apply. Refer to your applicable terms of service or contact your Corporate Service Representative for further information. In the event of conflicting terms, the terms of service shall control.
- Includes Business 300 Class Checking and Business 300 Class Checking with Interest. Interest option only available to Non-Profit Organizations.
- Contact Global Banking at (800) 228-4411 for applicable fee information.
- There is a ledger balance and a collected balance on accounts. Many times those balances are the same. However, there are occasions when the collected balance will be negative. A negative collected balance usually occurs one of two ways: (1) either the account is actually overdrawn; or (2) there have been check deposits where there is a float assigned based on the type of checks deposited and those funds are used before the checks are collected. When the collected balance is negative, we charge a fee of 2% over Wall Street prime for each day the collected balance is negative.
- An ATM is considered a Non-First National Bank of Omaha ATM if it is not branded with the **①ATM** logo. Contact a Personal Banker for a complete listing of the **①ATM** logo ATMs. If we own the Non-First National Bank of Omaha ATM: (1) we will not charge you a Non-First National Bank of Omaha ATM Fee for using it (2) if a surcharge applies, it will be disclosed at the ATM (currently such “owned Non-First National Bank of Omaha ATM surcharges” do not exceed \$10.00). In some cases, you may be entitled to a waiver or reimbursement of these fees under the terms of your deposit account. “Free withdrawals from Non-First National Bank of Omaha ATMs,” mean that Non-First National Bank of Omaha ATM cash withdrawal fees do not apply (“owned Non-First National Bank of Omaha ATM surcharges” still apply, but may be reimbursed to the extent that your account terms cover Non-First National Bank of Omaha ATM surcharge reimbursements). If you use an ATM that is not operated by us, you may be charged a fee by the operator of the machine and/or by any network used (and you may be charged a fee for a balance inquiry even if you do not complete a transaction).
- An Overdraft Item Fee or Returned Item Fee may be created by checks, in person withdrawals, ATM withdrawals, or other electronic means, as applicable.
- Third parties or other banks may impose additional charges in addition to those set forth herein.
