

MAKE A LIVING.
MAKE A DIFFERENCE.

BLACKROCK[®]
INVESTING FOR A NEW WORLD™

BlackRock on Campus - The Chinese University of Hong Kong

BlackRock was founded 25 years ago by eight entrepreneurs who wanted to start a very different company; one that combined the best of a financial leader and a technology pioneer. A company with a singular purpose: making a difference in the lives of the parents and grandparents, doctors and teachers who entrust us with their money—and their futures—every day. Today, as the world's largest asset manager, with over \$4 trillion under management, BlackRock brings together financial leadership, worldwide reach and state-of-the-art technology to provide answers to the millions of investors who entrust their financial futures to the company.

Whatever you study, wherever you're from, whatever your background, BlackRock needs YOU! At BlackRock, you can have a career that's exciting, rewarding, and full of possibilities in a collaborative culture that is as unique as our investment strategies. The work is diverse with opportunities in Advisory & Strategy, Analytics & Risk, Client Businesses, Corporate, Investments and Technology. We invite you to join our presentation and get in on the conversation as BlackRock's experts provide their insights into financial careers and the world of opportunity available within the industry.
