Airy is an essential YouTube downloader for Mac, that allows you to save your favorite YouTube videos right to your computer so you can watch them whenever you feel like - no matter whether you are connected to the Internet or not and whether it is still available on the web site.
Download YouTube videos on Mac

Airy lets you start multiple downloads at the same time, select formats you want to save videos in and choose the desired resolution.

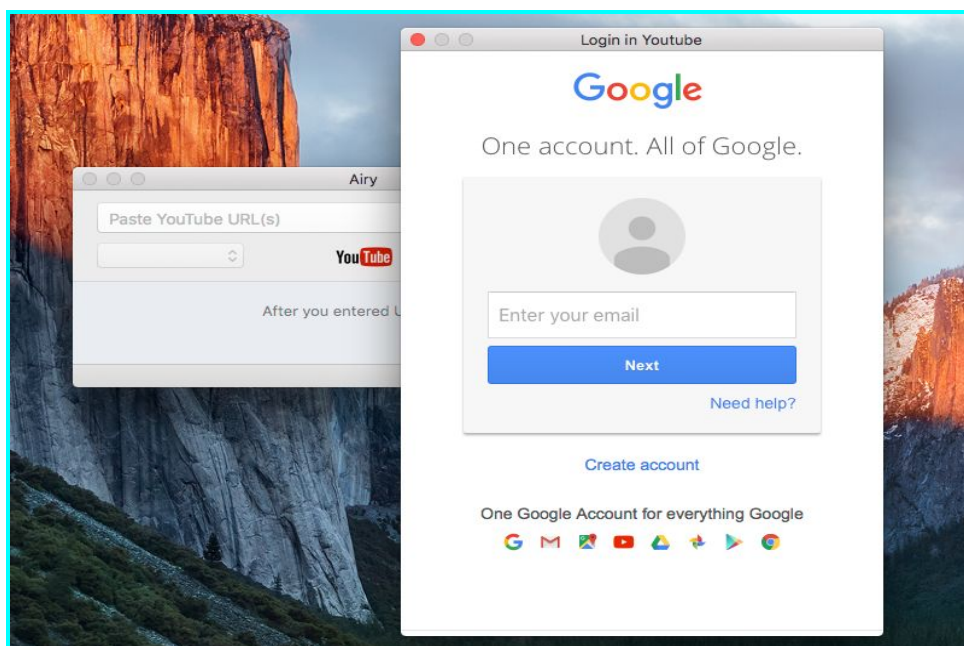

You can save video in MP4, FLV, and 3GP formats in a resolution of your choice. Airy downloads HD videos - even 4K and 8K Ultra HD videos are supported. Choose the format for saved videos depending on their further usage - device you will be using, player you want to watch videos with.

Airy can download whole YouTube playlists, channels and mixes.

Login & password

Airy also offers the ability to log in to your YouTube account for the possibility to download age-restricted and protected videos. Save your login details for future downloads and enjoy unlimited video experience.

Download MP3 from YouTube

When you just need a YouTube MP3 downloader for Mac Airy is your first choice! It will extract sounds from YouTube videos and fetch titles and album art, and it supports other audio formats too! For fast and easy YouTube download MP3 on Mac simply copy and paste the link, select audio format and click 'Download'.

Integrate into Browser

Airy can be integrated in your browser to catch YouTube downloads directly from web. It supports all popular browsers like Safari, Chrome, Firefox, or Opera. Now saving YouTube videos on Mac is very easy - just click Airy bookmark each time you need it.

Free version of Airy allows its users 2 downloads. After that one should upgrade it to the paid version.
