

## Visit Shared Branches Nationwide

### What is a shared branch?

A shared branch is a credit union location that belongs to a cooperative network. When you visit a shared branch, you can conduct many of the same transactions that you would at a Northwest Federal branch.

### What can I do at a shared branch?

Through the shared branch network, members can\*\*:

- Make deposits, withdrawals, transfers and select loan payments
- Get cash advances and make balance inquiries

### How do I use a shared branch?

Your Northwest Federal primary savings account number (and sub-accounts, if applicable) are already registered in the shared branch database. You will need a valid I.D. and your Northwest Federal account number to conduct transactions on your account at a shared branch location.
