### ALWAYS PREMIUM QUALITY – NEVER LESS™

**S**ince 1997, the Coffee Wholesale USA vision was simple:  
**Quality, Service, Value.**

That's why you'll find only premium **Quality** products on our web site. And, we back each item we sell with superb customer **Service**. Put it all together and you can rest assured that you get an outstanding overall **Value** every time. That's the way we like it. We think you'll like it too.

Like many companies, we started small. Yet even though our company has grown rapidly, we continue to maintain our **QSV** focus - one that our customers have grown to love. Indeed, our customers tell us that there are three types of coffee companies - those too small to help, those too big to care, and us. We certainly appreciate the compliment.

### YOU EXPECT THE BEST – AND WE DELIVER.

**W**hether you are looking for roasted fresh gourmet coffees or teas, top of the line beverage equipment to brew it up "right", or supplies and accessories to meet your needs, chances are you'll find it here. We constantly seek new ways to bring you better products at better prices.

For our new customers, be sure to check out our On-Sale Specials on our web site. They change often and you never know when the items you want are on-sale. In addition to on-sale specials, you'll find literally hundreds and hundreds of everyday items at everyday low prices.

Plus, you'll get **FREE shipping** on many items on our web site – including our ever popular All Day Gourmet coffees.

*Our customers tell us that there are three types of coffee companies...  
...those too small to help, those too big to care, and us.  
We certainly appreciate the compliment.*

Finally, we want to say **thank you** for your business and your continued support. Rest assured that we will continue to serve you – and those who you refer to us – with the same **Quality, Service, and Value** that you have come to expect from us over the years. We will always do so with products that are Always Premium Quality – Never Less™.

Until next time...brew it up and enjoy.
