### **Examples of Investigations**

#### **Threats and Assaults:**

TIGTA investigates individuals who attempt to interfere with the administration of the tax system through the use of threats and violence:

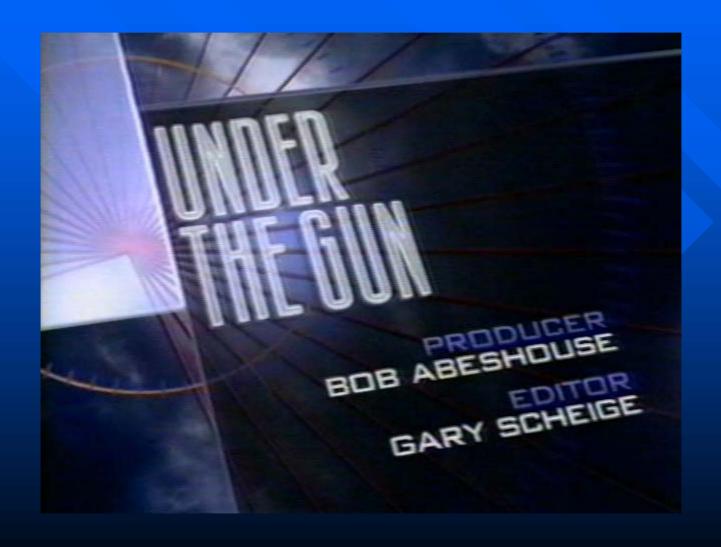

## THREAT & HARASSMEN Definition

- Threat A gesture or statement, with or without a weapon, directed at an employee, which indicates the Subject may be considering harming the employee
- Harassment Acts or statements designed to intimidate, like repeated calls and mailings, false tax liens, bogus 1099s, 8300s, or UCC Filings and destruction of property

## NBC Dateline Under the Gun

### TIGTA JURISDICTION

 TIGTA is the <u>only</u> investigative body that has the jurisdiction to investigate internal and <u>external</u> attempts to interfere with the IRS' tax administration duties – A condition that was established and legislated by Congress

### PAPER TERRORISM — ANTI-TAX MOVEMENT

- Filing of bogus Liens against IRSE
  - Bogus liens are used against private individuals, businesses and government employees
- Filing false Form 8300s, UCC Filings or other frivolous documents against victims
  - What do they accomplish? They harass and impede lawful government activity

#### **Attempts to Remove IRS Liens**

- Anti-Tax/Anti Government Internet Forum-"Terminating IRS 668 Notice of Lien."
- Title 26, Section 7212 Corrupt Interference
- Paper Terrorism
- First will call Secretary of States Office to find the cost of a Certified UCC 11
- Go to Co. Registrar of Deeds Office to search for 668s on themselves. Will be friendly.
- Go to County Clerks Office for copy of the Registrar's Oath of Office and Bond.
- With Certified UCC 11, will call Sec. of State's Office and will discuss with you UCC Form 3 on how to use them at the County level to terminate an unfounded financial statement against themselves.

#### **Attempts to Remove IRS Liens**

- Will return to Co. Registrar's office with; UCC 11, completed UCC
   3, 668s and with their witness and ask to have the forms recorded.
- At this point you will be telling them they can't file them for all of the obvious reasons. Short of threats, they will attempt to persuade you saying they are not attempting to release the lien but only terminate the notice because they were improperly recorded.
- Will state the federal government-IRS has no jurisdiction on state and county levels.
- If successful, they will get the Notice notarized and return to the Registrar's office to have it recorded.
- If not successful, they will threaten to have the Registrar's bond revoked and will threaten to file a lawsuit.
- Remember, because this is a federal IRS lien, subjects can be prosecuted in federal court under Title 26, Section 7212; Attempts to Interfere with administration of internal revenue laws.

#### **Redemption Schemes**

- Attempts to pay off debts through "Bills of Exchange"
- Real money makers are the subjects who sell instructional packages from \$100 to \$1,000
- Based on the false belief that the US Government abandoned the gold standard in 1933 and has secretly declared bankruptcy. Now all Federal Reserve Notes are invalid.
- US Government secretly established secret \$1 million accounts known as US Treasury Direct Accounts for all Americans at birth. Also known as "strawman".
- Documents are submitted to various creditors, state officials and yes, the US Treasury too, redeeming their "strawman".
- First resister their "strawman" by filing their birth certificate and UCC with the County Recorders or Secretary of States Office.
- Next, they send an "Acceptance for Value with Non-Negotiable Charge-Back to the Secretary of the US Treasury". Request to release funds from the US Treasury Direct Accounts.

#### **Redemption Schemes**

- Approximately 20 days after no response from the US Department of Treasury, the subject will file another document called an Acceptance of the Charge-Back.
- The subject assumes his US Treasury Direct Account is now available to pay off creditors.
- When the subject fails in his attempt to defraud his creditors, he
  will begin to harass them, filing "paper terrorism", to include
  fraudulent Form 8300s and filing false liens. This continues even
  after the subject is in prison. Sometimes the fraudulent lien is not
  known about until the victim is in the sale of their property.
- In some cases the subject will send his/her victims a Form W-4 requesting the victims SNN.
- Redemption practitioners share an extreme anti-government ideology and have direct ties to some violent groups known to have confrontations with federal, state and local law enforcement officials and plotting acts of domestic terrorism.

#### Federal agents arrest two in financial-note scam

#### IRS says pair created \$3 million in phony documents

By JOHN BRANTON

Federal agents on Monday arrested a Vancouver man and an Oregon man for creating \$3 million in phony financial notes — some bearing pictures of the queen of England — in the past four years.

Lyle Hartford Van Dyke Jr. of Vancouver and John S. Nolan, 57, of Lake Oswego, Ore., were indicted late last week by a federal grand jury, according to a bulletin from the Internal Revenue Service's field office in Portland.

The 21-count indictment charges the defendants with mail fraud, conspiracy, unlawful manufacture of fictious financial instruments and unlaw-

ful passing of fictitious instruments.

Among the phony papers were "Prudential Corporation PLC Notes" bearing the pictures of Nolan and the queen of England and "Jackson National Life Drafts" that look like a personal or corporate check. In addition, agents say, Van Dyke Jr. created "Public Wealth Rebate Notes," which looked like U.S. Treasury bonds and claimed to be negotiable at face value through the Treasury.

Officials said the suspects advertised their bogus notes for sale for 10 cents on the dollar at <a href="https://www.nolanconsulting.com">www.nolanconsulting.com</a>. At one point, Nolan and Van Dyke Jr. allegedly tried to give their notes to the IRS for payment of taxes.

### Four men face charges of filing false documents with the IRS

August 24, 2005

By SARAH LEMON Mail Tribune

Three local men have been indicted on federal charges of filing false documents with the Internal Revenue Service to harass government officials.

Kenneth Eugene Bozarth, 59, and 51-year-old Duane Harry Panter, both of Medford, and Michael Peter Stemac, 56, of Trail, were indicted Tuesday, according to a prepared statement from the U.S. Department of Justice in Portland. A North Bend man, 69-year-old Varley Steve Fitch, also was charged in the same case.

The indictments allege the four men falsely reported under penalty of perjury that government officials and others had engaged in suspicious currency transactions in amounts ranging from \$105,000 to \$500 million. Intended to harass and retaliate against officials and other people with whom they had disputes, the men's false reports sparked an IRS investigation, according to the justice department.

"The whole purpose of this was just to get the IRS to look at this individual," said William Fitzgerald, assistant U.S. attorney. "It's harassment."

In most cases, the men allegedly filled out a standard IRS form, stating that they received cash from individuals, Fitzgerald said. In other cases, the defendants allegedly said they paid the named individuals, Fitzgerald said. Figures on all of the forms were fabricated, he said.

The four men were arrested on Aug. 11. Panter, Stemac and Bozarth are set for trial on Oct. 18 before U.S. District Judge Ann Aiken. Fitch is set for trial the following day. They face up to three years in prison and a \$250,000 fine for each conviction.
